*President*

April 26, 2013

Statement from President Herbst on Student Freedom of Expression

“I firmly believe that our students, like all people, should be able to express themselves without being insulted or degraded as a result. As an institution, the university takes these issues very seriously, supports the right of free speech among all members of our community and stands strongly against harassment or intimidation of any kind. When a student is subjected to harassment, the university works closely with him or her to provide any resources they may need.”
