

STUDENTS FIRST, EXCELLENCE ALWAYS, HUSKIES FOREVER

Week of Welcome move-in day, August 26, 2022.

Dr. Radenka Maric

UConn

WHO ARE WE?

It's simple enough,
UConn is a great
university.

But we're more than that. A top-ranked research institution, with campuses and staff across Connecticut, built to inspire the global community that is UConn Nation. UConn's talented students exceed expectations. Our expert researchers, faculty, and alumni drive Creativity, Innovation, and Entrepreneurship (CIE) for a better tomorrow. We fuel the state's economy and are committed to inclusion and benefiting the greater good. This is UConn.

UConn

Students first, UConn always, Huskies forever.

UConn is New England's leading public land grant research university

Vision:

UConn strives to be a place where all students become fully prepared for their journeys in life.

Mission:

To recruit and retain a committed ecosystem of faculty, researchers, staff, donors, alumni, and government leaders who support and contribute to a world-class educational experience for our students that prepares them for life's challenges and opportunities.

Brand Promise:

A UConn education empowers students by developing their skills in creativity, innovation, entrepreneurship, financial literacy, and emotional intelligence. Students explore their career trajectories in a caring community with a global mindset.

UConn

UConn is in Demand

Demand for a UConn education is strong and quality of first-year student class is highly competitive.

FOCUS ON SKILLS SETS

- **CREATIVITY**
- **INNOVATION**
- **ENTREPRENEURSHIP**
- **FINANCIAL LITERACY**
- **EMOTIONAL INTELLIGENCE**

UConn

CREATIVITY AND INNOVATION

Creativity is essential to solving the world's complex problems. We encourage creativity and innovation in our students' lives through hands-on learning, exposure to the arts, and multidisciplinary projects that combine diverse perspectives.

- School of Fine Arts
- Krenicke Arts and Engineering Institute
- Digital media and design

ENTREPRENEURSHIP

At UConn, entrepreneurship is not just for business majors. We seek to build an entrepreneurial mindset in our students across the University.

- Business School: CCIE, IQ
- Werth Institute
- Incubator spaces
- Future Climate Venture

UConn student Sudiksha Mallick answers questions from Dr. Sethuraman Panchanathan, director of the National Science Foundation

FINANCIAL LITERACY

We need to ensure that our students graduate UConn with a solid understanding of personal finance. We are working on solutions to address this gap in students' educations through:

- General education requirements
- Financial advising and mentoring

A student studies in Buckley dining hall

EMOTIONAL INTELLIGENCE

- Our students face unprecedented challenges, from the environment, to financial stability, and social and political uncertainty.
- We need to help our students become resilient in face of challenges.
- Social-emotional learning is lifelong. We never stop learning about ourselves, or others, in engaging to add value.
- Our students will lead with empathy for others in building relationships and become role models and leaders in life, and for the university.

EMOTIONAL INTELLIGENCE

We can build students' resilience and empathy by:

- Building a network of mentors and advocates
- Intentionally focus on cultivating a sense of belonging
- Cultivating multicultural awareness
- Understanding bias and its impacts
- Fighting racism
- Developing media literacy

UConn faculty put solar on the White House in '70

UConn

Lee Langston, a Pratt & Whitney engineer who helped design the fuel cells that powered Apollo 11, was on the UConn faculty.

FOUR BIG CHALLENGES FACING OUR WORLD

- Food security
- Climate change
- Health disparities and an aging population
- Human rights

Our community is addressing these challenges through innovation in six priority areas.

30 Years of a state-to-state partnership has resulted in opportunities including the signature EuroTech Program and the more recent Human Rights Research Consortium.

TECHNION CLEAN ENERGY INITIATIVE

A collaboration with OVPR and C2E2, the initiative has raised \$1 million in private donations for collaborative research with Technion - Israel Institute of Technology.

GLOBAL HYDROGEN ALLIANCE

Alliance members include UConn; MIT; Kyushu Univ., Japan; Politecnio di Milano, Italy; Technion, Israel; and Univ. of Duisburg-Essen and Fraunhofer Inst. for Solar Energy Systems, Germany.

**EXCELLENCE
ALWAYS**

UConn

Dr Cato Laurencin with his advisee Carlos Mengstab

EXCELLENCE ALWAYS

A photograph capturing a moment of celebration on a basketball court. Coach Geno Auriemma, an older man with grey hair and glasses, is the central figure, smiling broadly with his arms crossed. He is wearing a dark grey blazer over a white collared shirt. To his left, several young women, members of the women's basketball team, are visible. They are wearing blue t-shirts with "BIG EAST CHAMPION" and "20" printed on them, along with white headbands. One player on the far left is holding a white Zephyr baseball cap. To the right of Coach Auriemma, a woman with blonde hair, wearing a dark blue blazer over a floral patterned top, is also smiling. The background is a blurred view of a basketball arena with spectators in the stands.

Coach Auriemma celebrates with the women's basketball team after a 70-40 victory against Villanova seals the win of the 2022 Big East Tournament, March 2022

Eight couples who met as freshmen in McConaughy Hall, "the Jungle," in 1986 and later married meet up on campus in December 2021.

HUSKIES FOREVER

SUPPORT OUR STUDENTS

Our students are engaged and passionate. They are artists, activists, entrepreneurs, innovators, environmentalists, advocates, and future doctors, lawyers, and leaders.

Help students succeed by:

- Becoming a mentor
- Supporting experiential learning, internships, and scholarships

Uniquely UConn: Goals to Advance our Mission and Vision

- Prepare all students for success in their life journeys by providing outstanding academics, experiential learning opportunities, and financial literacy training in an environment that prioritizes student wellness and community service.
- Agilely adapt to societal challenges and opportunities by providing education for the jobs of today and those of the future that currently do not exist, for example in quantum materials and computers.
- Exceed a 90% graduation rate for undergraduates.
- Build to \$500 million annual research expenditures from \$302 million in 5-7 years.
- Build endowment from \$592 million in 2022 to \$1 billion in 8 years.
- Achieve carbon neutrality at UConn by 2030 and carbon zero by 2040.

THANK YOU!
